Board of Trustees October 23, 2019 Regular Meeting Item E-2

E-2 End: Student and Stakeholder Focus Key Performance Indicator Report

Background: This report addresses the board end, Student and Stakeholder Focus. HCC aligns its strategic planning operations with the performance excellence criteria developed by the Baldrige National Quality Program. Monitoring measures were selected by the board in 2003. The measures include the required Maryland Higher Education Commission (MHEC) indicators. The dashboard was introduced as a vehicle to summarize the information in 2005.

Green ■ – signals that HCC is operating above the benchmark, yellow □ – indicates performance is at the benchmark, and red ■ – shows that the operating level is still below the benchmark. Detail pages follow the dashboard. Any updates are indicated in blue. Information concerning benchmarks is in purple.

At its May 18, 2016, meeting, the trustees reset and approved the five-year benchmarks for the most recent list of required Maryland Higher Education Commission (MHEC) indicators. For non-MHEC indicators, the trustees also approved the targets, as needed. Hence, a number of the dashboard indicators are red.

Once reviewed by the board, this report will be posted on the college's website so that members of the college community can become familiar with the measures that are part of the key performance indicator (board end) system. The website address is: http://www.howardcc.edu/about-us/leadership/board-of-trustees/key-performance-indicators/

The administration and relevant staff review the details of all the reports that contribute to these measures. Plans for improvement are developed and included in appropriate core work and/or strategic planning for the next integrated strategic planning and budget development cycles.

\	Recommendation —
Timeline:	Annual
Purpose:	Report on the progress of the institution

This item is for information only and requires no board action.

Compliance: This report is in compliance with board of trustees' bylaws, Article

VII, Board Execution and Evaluation of Policy: Suggested Timeline

for Important Tasks.

Key Performance Indicator Dashboard: Student and Stakeholder Focus

This category examines how the college determines the requirements, needs, expectations,

and preferences of students, stakeholders, and markets.

Sourc		Item	Current	E	Benchmark By 2020
	1.	Graduate satisfaction with educational goal achievement	98.8%		98.0%

External Measures

The college prepared and submitted applications to various Baldrige-based quality awards competitions.

This category examines how the college determines the requirements, needs, expectations, and preferences of students, stakeholders, and markets.

Category 3: Student and Stakeholder Focus 85 points		0- 9% 29%		30- 49%			50- 69%			70- 89%			90- 100%

Action: HCC receives a detailed feedback report on its Baldrige application in late fall delineating strengths and opportunities for improvement in each category. The president's team reviews the opportunities for improvement and charges process improvement teams to pursue those initiatives. HCC won the 2007 U.S. Senate Productivity Award (Maryland Performance Excellence Award). HCC was a finalist and hosted a site visit in October

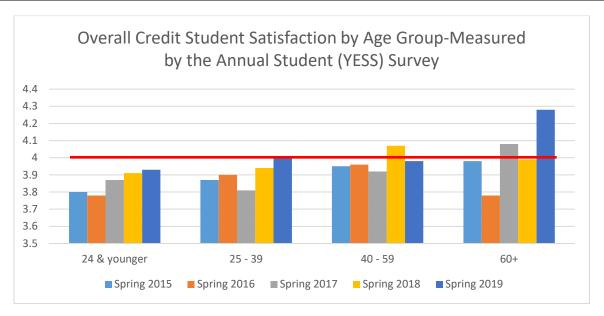

2016 and 2017 for the Baldrige award. A team created and submitted a Baldrige application in May 2019; HCC was chosen for a site visit in September 2019.

Benchmark: When the benchmark was originally set, institutions receiving an overall score of 450 or more received at least site visits. In April 2009, the board accepted the administration's recommendation to increase the benchmark: HCC worked to receive a 50-65 percent rating for category number three of the performance excellence criteria by 2018. HCC exceeded that benchmark. The college submitted a Baldrige application in May 2019, was chosen for a site visit this year, which took place September 23-27, 2019. The college awaits the results.

Internal Measures

The next three items were selected to measure student satisfaction.

Overall Cre (YESS) Sur		: Satisfact	ion by Ag	e Group-N	leasured l	by the Annua	al Student
						Benchmark	Current
	Spring 2015	Spring 2016	Spring 2017	Spring 2018	Spring 2019	FY19	<u>Benchmark</u> <u>Status</u>
24 & younger	3.80	3.78	3.87	3.91	3.93	4.00	Getting There
25 - 39	3.87	3.90	3.81	3.94	4.01	4.00	Exceeded
40 - 59	3.95	3.96	3.92	4.07	3.98	4.00	Getting There
60+	3.98	3.78	4.08	3.99	4.28	4.00	Exceeded
Overall	3.82	3.82	3.86	3.92	3.95	4.00	Getting There

Description of the Indicator: The Yearly Evaluation of Services by Students (YESS) survey is administered every year to a sample of HCC credit students in the spring semester. Ratings are given on a five-point satisfaction scale, ranging from "Very Satisfied" (5) to "Very Dissatisfied" (1). The ratings on this chart are each year's averaged ratings for all of the items on the survey that are rated on the five-point scale by age group. For spring 2019, N= (24 and younger) 948, (25-39) 231, (40-59) 64, (60+) 20, spring enrollment 9,466, YESS respondents = 1,263*.

Benchmark: Set by the board, the overall or composite rating for overall student satisfaction will be 4.00 (on a scale ranging from 1.00 to 5.00) for all age groups.

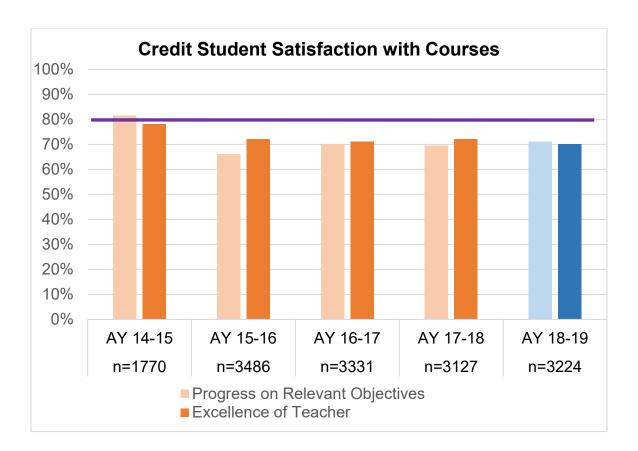

Performance Outcome: There were decreases in measure of satisfaction in 2019 for only the 40-59 age group; all other groups experienced increases.

Data Source: Data is from HCC's annual YESS survey administered and analyzed by the planning, research, and organizational development (PROD) office.

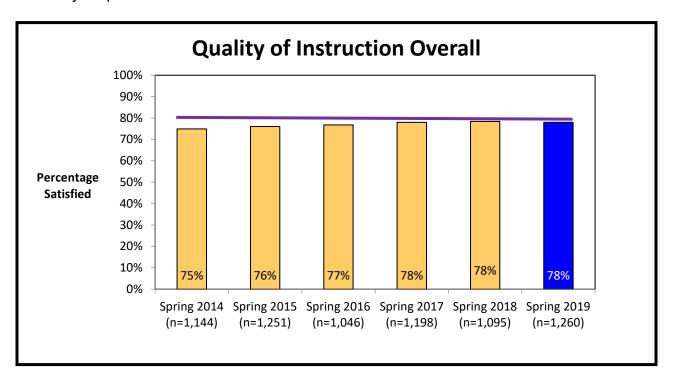

IDEA Survey Rating

Currently enrolled credit students are given the opportunity annually to rate their classes, their programs, their goal achievement, college services, and the college overall. Benchmark (set by the board): Eighty percent of the responding credit students will evaluate the college programs and services at the satisfactory or above level.

The college routinely administers <u>course evaluations</u> in credit courses. The students of all new instructors complete evaluations. Students of other faculty evaluate their classes on a rotating schedule. The college is currently using the Individual Development and Educational Assessment (IDEA) survey developed by professors from Kansas State University who have now formed a non-profit that sponsors and scores the survey (The IDEA Center, Inc.). During the **2018-2019** academic year (AY), the IDEA survey was administered to students in **3,224** course sections. Students in **71 percent** of these classes evaluated the course at the satisfactory or above level when rating their progress against relevant course objectives. Students in **70 percent** of these classes responded at the satisfactory or above level when rating the excellence of the teacher. This is the **fourth year** of utilizing the online version of the IDEA survey.

On the YESS survey, **78 percent** of students said they were very satisfied or satisfied with the overall *quality of instruction*. Note that numbers in parenthesis represent number of survey respondents enrolled in credit instruction.

During the even numbered years 2012, 2014, 2016, and 2018, three surveys (IDEA; Community College Survey of Student Engagement (CCSSE); YESS) were administered in the spring semester. The college tries not to ask students to take multiple surveys to avoid survey fatigue.

Noncredit Student Satisfaction with Courses

							Current
						Benchmark	Benchmark
FY14	FY15	FY16	FY17	FY18	FY19	FY19	<u>Status</u>
98.7%	98.9%	98.4%	98.6%	98.61%	98.9%	95%	Exceeded

Description of the Indicator: A survey is administered at the end of a noncredit class to all HCC students. Course ratings are given on a five-point satisfaction scale, ranging from "Excellent" (5) to "Poor" (1). This indicator measures the percent of students choosing excellent, good, or satisfactory on the five-point scale. For FY19, n=15,054/15,217.

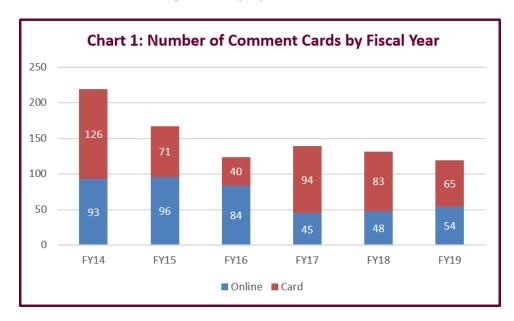

Benchmark: Set by the board, 95 percent of all respondents will rate their overall course satisfaction as satisfactory, good, or excellent.

Performance Outcome: The benchmark has been exceeded for the past **six** years.

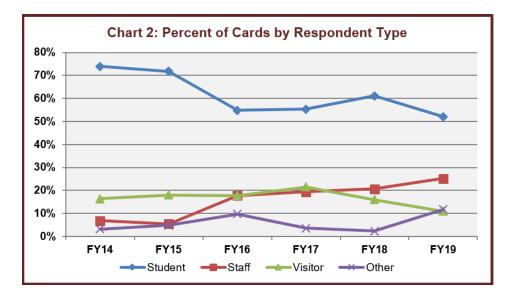

Data Source: Data is from HCC's Division of Continuing Education and Workforce Development's student course evaluations analyzed by the planning, research, and organizational development office.

Comment Card Trends

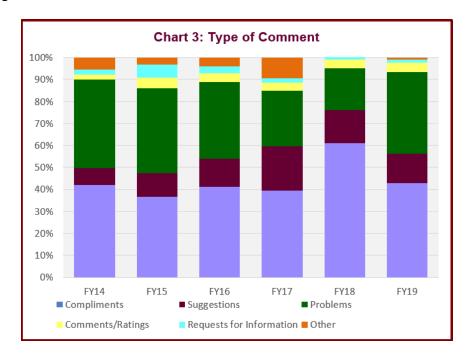

There were a total of 119 comment cards received in FY19, a nine percent decrease from FY18. This year, the number of traditional paper comments outnumbered the online comments: 55 percent (65) of the comments received in FY19 were from the paper comment cards and 45 percent (54) were from the online web form.

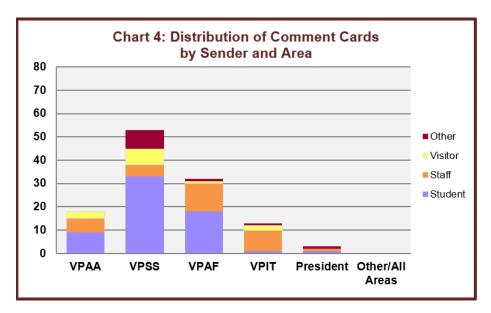

The percentage of student comments decreased this year to 52 percent (62) from 61 percent (80) in FY18; the percentage of staff comments increased to 28 percent (33) in FY19 from 21 percent (27) last year. The number of visitor comments decreased by five percent (13) in FY19.

As can be seen in chart 3, compliments and problems are still the most frequent comment types. The number of comment cards reporting problems has **increased by 18 percent**, **from 25 to 44**. Of the **51** compliments submitted, **78 percent (40)** cited a staff member by name. Copies of cards commending an individual are sent to that person to acknowledge his/her contribution to HCC.

As in previous years, comment cards sent by HCC's stakeholders were distributed to the president or appropriate vice president of the topic area for their review and action. Because of the large number of service areas, students tend to make the most comments about departments under the vice president of student services (VPSS) area. Staff comments most often fall under the vice president of administration and finance (VPAF) area. The other areas included in the chart below are the vice president of academic affairs (VPAA), the vice president of information technology (VPIT) and the president.

Board Talking Points:

- When rating their satisfaction with noncredit courses at HCC, 98.9 percent of the students chose satisfied, good, or excellent.
- Students in 70 percent of the 3,224 credit classes chosen to complete the IDEA survey
 rated the course at the satisfactory or above level when rating the excellence of their
 teacher.
- For FY17 (since the college has the comparators for that cohort), the median income of HCC occupational program degree graduates three years after graduation outpaces (\$53,709) the comparative peer and state earnings.
